Ford may temporarily slow data speeds if such data usage reaches or exceeds 50GB within a billing cycle or due to network limitations. If a customer uses more than 50% of their data usage in a roaming country during a 60-day period, Ford may remove or limit the customer's data plan

² Select option for a one-time purchase of Ford Security Package. Ford Security Package will be active for a minimum of 7 years on this vehicle (non-transferrable to another VIN) from new warranty start date. Modern activation is required.
