  - — Order Code: 201A

[1] Lincoln Connectivity Package included for four years from warranty start date. Requires activation via Lincoln app. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. Lincoln may temporarily slow data speeds if such data usage reaches or exceeds 50GB within a billing cycle or due to network limitations. If a customer uses more than 50% of their data usage in a roaming country during a 60-day period, Lincoln may remove or limit the customer’s data plan.

[1] Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle. Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

[2] Always wear your safety belt and secure children in the rear seat.

  - — SiriusXM with 360L (3 MOS TRIAL)

Note: *Service is not available in Alaska and Hawaii.*

Details: *SiriusXM audio and data services each require a subscription sold separately, or as a package, by Sirius XM Inc. Your SiriusXM service will automatically stop at the end of your trial unless you decide to subscribe. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. Not all vehicles or devices are capable of receiving all services offered by SiriusXM. Current information and features may not be available in all locations, or on all receivers. Satellite and streaming lineups vary slightly. © 2027 Sirius XM. Sirius, XM, SiriusXM and all related marks and logos are trademarks of Sirius XM Inc*

- Dual-Note Electric Horn
- Intelligent Access with Push Button Start
- Lincoln App
  - — Lincoln App includes:
    - ○ Find Parking
    - ○ Pre-Conditioning (schedule Remote Start)
    - ○ Remote Lock/Unlock
    - ○ Remote Start
    - ○ Schedule Pick Up and Delivery
    - ○ Smartphone Integrated Technology
    - ○ Vehicle Finder
- Lincoln Drive Modes with:
  - — Active Noise Control (ANC)
  - — Electric Power-Assisted Steering (EPAS)
- Neutral Towing Feature
- Personal Profiles
  - — Audio
  - — Displays
  - — Driver Assist Features
  - — Mirrors
  - — Seats
- Piano Key Shifter
- Remote Start
- Suspension – Integral Bush Rear Suspension
- Symphonic Chimes
- SYNC® 4
  - — Wireless Apple CarPlay® and Android Auto™ Compatibility[9]
  - — 13.2" Center Display
  - — Information on Demand Panel
  - — Digital Owners Manual
  - — 911 Assist®[10]

[3] System must be turned off before entering an automatic car wash.

[4] SOS hardware may become damaged, or the battery may lose power in a crash, which could prevent operation. Not all crashes will activate an airbag or safety belt pretensioner

[5] Driver-assist features are supplemental and do not replace the driver's attention, judgment, and need to control the vehicle. It does not replace safe driving. If stop is longer than three seconds, the driver must intervene, and press "RES" button or accelerator pedal to resume system operation. For optimal/best performance, Ford recommends keeping map data updated by fully activating the vehicle's Lincoln App Connect modem and enabling Connected Navigation Services. See Owner's Manual for details and limitations.

[6] Lane-Keeping System does not control steering. Driver-assist features are supplemental and do not replace the driver's attention, judgment, and need to control the vehicle. It does not replace safe driving. See Owner's Manual for details and limitations

[7] Driver-assist features are supplemental and do not replace the driver's attention, judgment, and need to control the vehicle. Intersection Assist does not detect all vehicles in intersections, pedestrians, or cyclists. It does not replace safe driving. See Owner's Manual for details and limitations

[8] Driver-assist features are supplemental and do not replace the driver's attention, judgment, and need to control the vehicle. [Pre-Collision Assist® with Automatic Emergency Braking detects pedestrians, but not in all conditions, and can help avoid or reduce a collision.] It does not replace safe driving. See Owner's Manual for details and limitations

[9] Compatible Android or iPhone with compatible active data plan and software required. Wireless use of Android Auto requires a compatible Android 11.0+ phone and compatible active data plan. Check g.co/androidauto/requirements for compatibility. SYNC® 4 does not control third-party products while in use. Third parties are solely responsible for their respective functionality

[10] The vehicle's electrical system (including the battery), the wireless service provider's signal and a connected mobile phone must all be available and operating for 911 Assist® to function properly. These systems may become damaged in a crash. The paired mobile phone must be connected to your SYNC® system, and the 911 Assist feature enabled, in order for 911 to be dialed. When the feature is ON, 911 Assist uses your paired and connected mobile phone to assist occupants to contact emergency services by dialing 911 if your airbag deploys or, on certain vehicles, if the emergency fuel pump shut-off is activated. Aftermarket on-board diagnostic devices may interfere with various vehicle systems including Vehicle Health Report and 911 Assist. To avoid interference, remove the device or contact the device maker for more information on compatibility.
