PACKAGED OPTIONS/EMISSIONS

EMISSIONS REQUIREMENT LOCATIONS

CALIFORNIA EMISSIONS STATES .....

CA, CT, DE, MA, MD, ME, NJ, NY, OR, PA, RI, VT, WA

CROSS BORDER STATES.....

AZ, DC, ID, NH, NV, OH, VA, WV

FEDERAL EMISSIONS STATES.....

Remaining States/Regions

EMISSIONS STANDARD/OPTIONAL EQUIPMENT

FEDERAL/NON-CALIFORNIA EMISSIONS SYSTEM .....

Standard equipment on vehicles destined for Federal Emissions State or Cross Border State dealers

CALIFORNIA EMISSIONS SYSTEM **422**

Required code for California Emissions States registration

Optional code for Cross Border States dealer orders.

CALIFORNIA EMISSIONS SYSTEM NOT REQUIRED **423**

Dealers ordering a vehicle without a California Emissions System and which is being sold/delivered to a California Emissions State dealer are also required to use Code 423 to attest either that the vehicle is not being registered in a California Emissions State or that Code 936 is applicable. **Note:** In Maine, Rhode Island and Vermont, dealers cannot use Code 423 for customers outside of California Emissions States locations (except Public Service/Emergency Vehicles – Code 936).

CALIFORNIA EMISSIONS EXEMPTION FOR PUBLIC SERVICE/EMERGENCY VEHICLES **936**

This exemption may only apply in certain California Emissions states. Ordering dealer is responsible to contact the proper state authorities for clarification on qualifying exempted vehicles for registration. Only available on vehicles sold for authorized public service or emergency service use. Must also use Code 423 when ordering.

The State of Washington has unique rules (WAC 173-423-060) on exempting emergency vehicles without California emissions if another vehicle with California emissions that meets the customer's needs is available. Code 936 is not allowed and Code 422 is required for vehicles delivered to a Washington State dealer unless an exemption is obtained from the Department of Ecology.

FEDERAL EMISSIONS STATE DEALER ORDER FOR CALIFORNIA EMISSIONS STATES REGISTRATION..... **93N**

Federal Emissions State dealers ordering a California Emissions System (Code 422) are also required to use Code 93N to attest that the vehicle is to be registered in a California Emissions State. **Note:** It is a violation of Federal law for a Federal Emissions State dealer to sell a vehicle with a California Emissions System for registration in a Federal Emissions State, unless the vehicle also meets EPA standards (i.e., 50-state emissions). Not available for stock orders.

ENGINE BLOCK HEATER **41H**

Standard and only available in AK, MN, ND, SD, MT, WI and WY states. Other states available via FCSD.

NOTE: Fleet only – Engine block heater optional in all states with valid FIN code
